

The Dance Design School
Teaching the heart of dance

Dear Dance Design School Parents,

As most of you know, our Jazz and Tap teacher, Nicole, had a fire in her apartment over the Thanksgiving break. She lost 90% of her belongings. She, her husband and young daughter, Elaina, age 2, have found a very nice apartment in Cornwall and are trying to restart their life. They need everything from clothes to furniture. Some items are irreplaceable; pictures, a favorite stuffed animal, a wedding album; other items are easily donated. I am writing to ask instead of Christmas gifts for the teachers this year, if you can look through your things and see if you have any second hand items on the list for Nicole and her family.
